ABOUT

I like creating playful and enjoyable experiences.

EXPERIENCE

Dream Dezine
Industrial Design Intern | 8 Weeks
Developed package, product solutions, and delivery systems for the skincare and cosmetic industry.

Mind Mapperz
Aeromodelling | Product design | 6 months
Developed curriculum and products related to it in the field of robotics, aeromodelling and design for school children

PROJECTS

Motion Controller and RC plane
On going project | Product design | ergonomics
Project Vodoo – A motion controller for RC planes, also making 3D printed planes to test it out.

Gliders
Personal Project | Product design, Aeromodelling
A series of exploratory balsa wood gliders

Venn Clock
Personal Project | Product Design
A process and form exploration exercise. 3D printable clock with modern design language.

Pings
Group Project | UI/UX, Product
UI/UX of a remote group alarms app where you can set an alarm for someone else or a group to ping them.

Conferences

One Day 3D Visualization workshop
Keyshot | LIghting | Material | Scene Creation
Took an one day hands on workshop for Junior students in B.des DTU teaching them basics of rendering and 3D visualization.

EDUCATION

Delhi Technological University
Bachelor of Design | 2018–22

SKILLS	TOOLS
3D Modelling	Fusion 360
3D Visualization	Blender
Video Editing	Keyshot
Prototyping	Balsa wood
Motion Graphics	After Effects
3D Animation	Photoshop
Story Telling	Premier Pro

ACHIEVEMENTS

Design Championship 2016
Special Jury Award | Industrial Design
Designed a low cost non-electric Fridge for rural areas.

Aeromodelling Competition
1 st Prize | IIT Delhi
Made a Balsa wood glider which had the longest flight time and travel distance.

National Astronomy Olympiad
Represented school at national level of Astronomy Olympiad for two consecutive years in 2014 and 2015

Taekwondo
Silver medal, Delhi State Championship
Represent Delhi at CBSE Nationals
Gold Medal, IIT BHU Sports Fest
